

### Atelier 3 Ltd Environmental Policy

Atelier 3 Ltd. was formed in 2007 as an RIBA Chartered Practice. The practice provides Full Architectural Services to a wider variety of Clients who wish to build buildings in a variety of Architectural sectors. The practice is passionate about designing sustainable and affordable buildings that exceed their client's expectations. The company also recognises that it has a responsibility to reduce its impact on the environment. The company is committed to improve its performance and reduce its environmental impact on the local and wider environment by:

- Complying with relevant environmental legislation
- Reducing environmental impact from resource use within the office
- Making sustainability a key consideration if new resources are needed
- Setting objectives to measure continual improvement and prevent pollution
- Reducing our business and commuting travel

We will make this policy available to our customers to highlight our commitment to reducing our environmental impact.

This policy will be implemented within of the framework of an environmental management system designed to meet the requirements of BS EN ISO 14001 by June 2008 by using the BS 8555 phased approach to implementation. This policy will be reviewed annually and if necessary updated.
